COMPANY- Manufacturing company, USA and Europe

INDUSTRY- Mining

SOLUTION - Built Digital Work Permits using Unvired Turbo Apps

ABOUT UNVIRED:

Unvired Enables Digital Transformation resulting in Enhanced Competitive Advantage for Enterprises both large and small globally.

BUSINESS CHALLENGES:

- Reduce Costs
- Inefficient paper-based Work Permits
- Inefficient work processes – manual data entry into ERP-SAP
- Need to increase worker safety
- Enable field operators and technicians with contextual information to work orders.
- Lack of Real-time insights

SOLUTION:

Built Digital Work Permits using Unvired Turbo Apps

- Hot Work, Cold Work, Confined Space & more.
- Attach documents/pictures
- Electronic Signatures
- Dynamic Permits: Content related to type of Permit
- Permit Suspension/Closure
- Reporting
- Create Notifications in ERP-SAP from within the app
- Centralized web portal for managing form versions
- Works offline
- **Languages**: Support for 8 languages

Mobile Devices: Android phones and tablets

BENEFITS:

- App built faster and at less cost
- Enhanced Operational Excellence
- Paperless workflow.
- Customized business flows per region.
- Real-time collaboration.
